

Off-peak Discount – Terms and Conditions 2026

Departures

The off-peak discount applies to the 7:45 PM ferry from Holwert to Ameland for travel between April 21 and September 30, on any day of the week.

The selected return sailing does not affect eligibility for the discount.

Vehicles

The discount is valid for vehicles up to 5.5 metres in length.

Price

Vehicles can book a return crossing at the basic rate instead of the summer fare.

This means island visitors pay €113.95 (2026) for a vehicle reservation with the off-peak discount.

Island residents already pay the basic rate throughout the year, so the off-peak discount does not affect their fare.

Booking

The off-peak discount is applied automatically to all eligible bookings made from April 21 onwards.

Vehicle check-in

The off-peak discount is only valid if the vehicle actually travels on the 7:45 PM Holwert–Ameland ferry.

- If a vehicle checks in early at the vehicle check-in and the customer requests an earlier departure, the booking may be changed if space is available. In that case, the customer can pay the difference and travel on an earlier sailing.
- If a vehicle checks in early at the vehicle check-in and the customer requests an earlier departure, but the booking cannot be changed, the customer will travel on the 7:45 PM sailing.
